

Scavenger Hunt: Exploring **Google** Docs

To complete the scavenger hunt below, you will need to be curious and resourceful. You will not need to leave this document to complete these tasks. Everything you need is right here! Please read the directions for each task carefully.

1. Define the following words using the **define tool** in this doc. Add the definitions as comments.

- *abeyance*
- *chromatic*
- *excrescence*

2. Use the **explore tool** in this document to answer the following California trivia questions. Please add each answer in a different color.

The specified tool is unavailable even utilizing the search option in the toolbar to select the adequate tool, so it has been decided to use the regular google search engine with the Wolfram Alpha Extension.

- How tall (in feet) is California's highest peak?
 - The highest peak in California is Mount Whitney with 14497 ft
- Where is the avocado capital of the world?
 - The avocado capital of the world is Uruapan del Progreso, in the state of Michoacan, Mexico
- What year did the first motion picture theatre open in Los Angeles?
 - The first motion picture theatre which was opened in Los Angeles was Tally's Electric Theatre. Its opening day was April 2, 1902.

3. Find a picture online of California's official state bird and **insert your picture** in the space below.

4. Use the **explore tool** in this document to find an interesting website about California, then type the title of the website below and create a hyperlink.

As I have stated in the second question, the explore tool is unavailable so I have again restored to using the google search engine to perform this task.

[101 Interesting Facts About California](#)

5. Insert a **table** with 3 columns and 5 rows below.

6. Use the **word count** tool to find out how many words is this document. Type your answer here: 448 words

7. Switch the **page setup** from portrait to landscape and make the entire page yellow.

It is not possible to change the color of a single page, so the change of format has been applied to the entire document.

8. In the space below, write out the math problem three divided by three with the answer using only numbers and **math symbols**.

$$3 \div 3 = 1$$

9. Add a **header** to this page with your name and the date. *Bonus points for adding a picture of your school mascot to your header.

10. Which feature in Google Docs is your favorite? Use the **voice typing** tool to record your answer below.

This task cannot be performed due to the lack of a peripheral capable of capturing sounds or a device integrated in the hardware used to perform this function.
